SCHOOL BASED HEALTH CLINIC

A HEALTHCARE CLINIC LOCATED IN YOUR CHILD'S SCHOOL!

The Perry County School District (PCSD) and Primary Care Centers of Eastern Kentucky (PCCEK) have partnered to provide on-site healthcare services at our schools. PCCEK School Based Clinics are comprehensive primary care health centers staffed by ARNP, PA, RN, LPN, with physicians and specialists available. Our goal is to create a healthier school environment by promoting general health, increasing attendance, and improving classroom behavior for the benefit of our students and staff. Your child can receive care during the school day, so they don't miss school. PCCEK School Based Clinics are primarily for acute care services and chronic care ailments will be managed and treated at one of PCCEK's four clinics and/or by your primary care provider.

PCCEK School Based Clinics provide on-site and telemedicine healthcare services at:
 Buckhorn School, East Perry Elementary, Robinson Elementary,
 R.W. Combs Elementary, Viper Elementary, West Perry Elementary
 & Perry County Central High School

The HEALTH CARE SERVICES we may provide include:
 Sick Visits (sore throat, rash, fever, etc.), Tests, Treatments &
 Medications, Minor Injury Evaluation & First Aid, Health Education
 and Referrals to outside Providers for Care that cannot be provided at
 the School-Based Clinic, and more!

School & Sports Physical Examination, Immunizations, and
 Preventative Medicine services will only be provided on scheduled
 dates determined by PCCEK and PCSD.

Hours: PCCEK School Based Clinic is open during the school day, please check each school for specific hours and days of operation. Students may be seen by appointment or just walk-in. Parents are encouraged to come to the student's clinic visit but will not be required if approved in advance.

Staffing: PCCEK staff are highly qualified and experienced in providing health care to young people. The ARNP/PA works in collaboration with a physician and is qualified to diagnose, treat illness and prescribe medications. If your child has a primary care provider, your child can still come to the PCCEK School Based Clinic. A school clinic visit does not replace your child's primary care provider, in fact, PCCEK School Based Clinic will coordinate with your primary care provider to provide the best care possible for your child. If your child is currently a patient at PCCEK, you must still fill out this paperwork for your child to be seen at school.

Billing & Costs: *Medicaid and Most Private Insurance Companies Cover our Services!*

We accept most forms of public and private health insurance. Copays and balances for services WILL NOT be collected from your child at the time of the visit, you will receive a billing statement. Copays and balances for services WILL be collected from all adults at the time of the visit. If you do not have insurance, PCCEK staff can help determine if you qualify for assistance and help you enroll in the program that best fits your needs, Contact PCCEK Patient Services at 606-439-1300 for details. PCCEK School Based Clinic offers a Sliding Fee Scale based on household size and household income, please fill out the enclosed form if you are interested. PCCEK School Based Clinics reserves the right to refuse treatment if a patient's account balance is found out of compliance with PCCEK's billing guidelines.

Confidentiality: PCCEK School Based Clinics adhere to all laws regarding confidentiality of health services. Please review the Notice of Privacy Practices, which outlines how we may use and disclose your child's protected health information. An authorization for release of your child's information is included with this packet, please read it before signing.

Consent to Treat: To receive PCCEK School Based Clinic services, students must have this consent packet completed and signed by their parent or guardian. If the student is 18 years or older, or emancipated, the student can sign their own consent packet. Each year the PCCEK School Based Clinic services consent packet must be completed for your child to remain a patient. The consent will remain in effect until the end of the current school year, unless your child is no longer enrolled in Perry County School District or if you revoke the consent for treatment. You may revoke the consent to treat your child at any time by notifying PCCEK, in writing, that the PCCEK School Based Clinic no longer has consent to treat your child as a patient. Please notify us at the number below and in writing, if there are any changes in guardianship of your child.

Please note that the School-Based Health Clinic is completely optional. If deemed necessary, emergency nursing services may be provided whether you consent to the School Based Clinic authorization or not.

**TELEMEDICINE
INFORMED CONSENT FORM**

Students Name: _____ **Date of Birth:** _____ **School:** _____

Telemedicine seeks to improve a patient's health by permitting two-way, real time interactive communication between the patient and the healthcare provider at the distant site. This electronic communication means the use of interactive telecommunications equipment that includes, at a minimum, audio and video equipment that provide a two-way interactive video and audio. Telemedicine is viewed as a cost-effective alternative to the more traditional face-to-face way of providing medical care.

Possible Risks:

There are potential risks associated with the use of telemedicine which include, but may not be limited to:

1. A provider may determine that the telemedicine is not yielding enough information to make an appropriate clinical decision and stop the telehealth visit;
2. Technology problems may delay medical evaluation and treatment for today's encounter;
3. In very rare instances, security protocols could fail, causing a breach of privacy or personal medical information.

By signing this form, I, parent/guardian or student, understand the following:

1. I understand that the laws that protect privacy and confidentiality of medical information also apply to telemedicine, and that no information obtained in the use of telemedicine which identifies my child will be disclosed to researchers or other entities without my consent.
2. I understand that I have the right to withdraw my consent to the use of telemedicine in the course of my child's care at any time, without affecting my child's right to future care or treatment.
3. I also understand that if the provider believes my child would be better served by a traditional face -to-face encounter, they may, at any time stop the telehealth visit and schedule a face-to-face visit.
4. I understand that my child may expect the anticipated benefits from the use of telemedicine in my child's care, but that no results can be guaranteed or assured. I hereby release PCCEK School Based Clinic from liability due to unintentional breach of privacy of my child's medical information, and unintentional interruption or technical difficulties.

Consent to the Use of Telemedicine

I, _____, (Child's Parent/Legal Guardian) am the parent/guardian of _____, (Child's Name) and have the legal authority to consent for my child to receive Telemedicine treatment and services from PCCEK School Based Clinic. I have read and understand the information provided above regarding telemedicine, and all of my questions have been answered to my satisfaction. I hereby give my informed consent for the use of telemedicine in my care.

I give PCCEK School Based Clinic permission to provide Telehealth services and perform necessary medical tests. I understand that some parts of a Telemedicine exam may involve physical tests conducted by the individuals at my child's location at the direction of the telemedicine consulting health care provider. I understand that video conferencing will not be the same as a direct patient care visit due to the fact that my child will not be in the same room as the health care provider. I understand the potential risks to this technology, including interruptions, unauthorized access and technical difficulties. I understand that my health care provider or I can discontinue my child's telemedicine visit if it is felt that the videoconferencing connections are not adequate for the situation.

A PCCEK employee will attempt to contact child's parent/legal guardian in order to receive verbal consent before telemedicine visit. If we are unable to reach you within 10 minutes, we will proceed to examine your child as deemed necessary.

Yes, treat my child if unable to contact me.

No, DO NOT treat my child without contacting me.

FINANCIAL POLICY

In order to prevent any misunderstanding concerning the responsibility for payment for medical services provided to our patients, the following information is supplied:

1. **Commercial Insurance:** If you have insurance coverage through a commercial provider(Humana, Anthem, UMR, etc.), we require you provide us with your mailing address, an assignment allowing your insurance company to send payment, and a copy of your insurance card. You will be billed for any deductible and/or copay. If your statement of account is returned because of out of date information, you will be required to pay prior to treatment at any PCCEK facility.
2. **Medicaid:** If you have Medicaid coverage, we must have your Medicaid card in order to properly bill for any services. If you have Medicaid coverage pending, please advise us and please send a copy of card when received.
3. **Medicare:** Our providers are participating Medicare providers. Office visits to a primary care provider are covered under Part B of the Medicare program. Medicare pays 80% of their allowable charges after you pay your annual deductible for the calendar year. If you have supplemental insurance, we require a copy of your insurance card and insurance mailing address. If Medicare rejects any procedure, you are responsible.
4. **Sliding Scale:** PCCEK offers a sliding scale to patients who do not have health insurance. The sliding scale adjusts charges for medical services based upon the total combined household income. To qualify for the sliding scale, it is required that you provide PCCEK with proof of your income. As a Rural Health Provider, it is also required that the sliding scale applicant apply for Medicaid through the Cabinet for Health & Family Services (CHFS) and, if denied, provide PCCEK with documentation showing they cannot receive Medicaid. Failure to do so within 45 days of applying for the sliding scale will render the patient ineligible for the sliding scale and the guarantor will be responsible for 100% of charges from any services provided by PCCEK.
5. **Collection Policy and Right to Refuse Treatment:** PCCEK School Based Clinic will follow PCCEK's patient account collection policies which may result in the right to refuse treatment.

If at all possible we will provide you with an opportunity to object to this use or disclosure. Under emergency conditions or if you are incapacitated we will use our professional judgment to disclose only that information directly relevant to your care. We will also use our professional judgment to make reasonable inferences of your best interest by allowing someone to pick up filled prescriptions, x-rays, or other similar forms of health information and/or supplies unless you have advised us otherwise.
